You can use my conf line...

I found the attached but from an April 2017 email from Doug but you may have already.

Subject: NYC - uncovered finished reservoir CD

Good Morning Ed, Mike & Ken:

Two quick questions:

1. Does anyone have a conference line I could borrow for Monday at 1pm-2pm? This is for the pre-meeting.
2. Do we have an existing factsheet regarding the CD for the uncovered reservoir? I remember asking Nicole for a factsheet like three or four years ago and she sent one, I just don't know where it is. If either of you have it and can send my way that would be great. She is on leave so not sure how fast we can get one from her. I'll ask OECA Carol King as well.
3. Anything else anyone can think off that we need for the meeting or to ask Region 2?

Thank you all!
Maria
